Final programme

19TH INTERNATIONAL CONGRESS OF ESCAP MAASTRICHT
NETWORKS IN CHILD AND ADOLESCENT PSYCHIATRY

19-21 JUNE 2022

FINAL PROGRAMME

Version: 26 April 2022

Content

FINAL PROGRAMME	2
SUNDAY 19 JUNE 2022	7
09h30-10h45: PARALLEL SESSION 1	7
S7 Intergenerational transmission of psychopathology; results from a cross-diagnostic approach	7
S12 The role of nutrition and gut microbiota in mental health	7
S14 Psychopathology in children with rare monogenetic syndromes	8
S19 Attachment and trauma: The effects of early intervention in child and adolescent psychiatry	8
S22 International networks in CAP training: I get by with a little help from my friends.....	9
S24 Tracing the origins from synapse to EEG in monogenetic neurodevelopmental disorders: the brainmodel perspective.....	10
S33 Innovative strategies to access mental health care for youth.....	10
S55 Transdiagnostic ecological momentary interventions targeting specific constructs aimed at improving youth mental health.....	11
S64 Callous unemotional and other conduct disorder related traits: Underlying neurobiology	11
S80 Treatment profiles.....	12
S81 - Adverse environmental factors	12
WORKSHOPS SUNDAY 19 JUNE 2022	13
09h30-12h30: W1 Autism Spectrum Condition in adolescent natal females	13
09h30-12h30: W2 Workshop on Experience Sampling Methods	13
SUNDAY 19 JUNE 2022	13
11h15-12:30: PARALLEL SESSION 2	13
S3 Pathways from early trauma to mental health outcomes: A Lifespan perspective	13
S5 Transitional age youth mental health: how to improve the continuity of psychiatric care at the CAMHS-AMHS interface?	14
S9 MBT new perspectives	15
S20 Building bridges: the epidemiology of eating disorder symptomatology in childhood and its neurobiological correlates.	15
S21 New Research Findings with Clinical Implications from the Amsterdam Transgender Youth Cohort	16
S25 The Two-Way Road - Transactional Processes of Parenting and Child Mental Health Outcomes	16
S34 Early detection of Personality Disorders and Personality Difficulties by assessing impairments in Personality functioning (Criterion A) in self and informant report	17
S47 Anorexia nervosa – recent specific treatment trials using various settings in adolescents	18

This final program has been compiled with care. However, typing or compilation errors may still occur. The organization reserves the right to make changes in the composition of sessions and the manner of presentation (e.g. oral, poster, etc.).

S51 CAP training during the pandemic.....	18
S82 COVID-19 Session 1	19
S83 New insight from brain imaging studies.....	19
MONDAY 20 JUNE 2022.....	20
09h15-10:30: PARALLEL SESSION 1	20
S2 Cognitive and functional outcomes in children of parents with severe mental illness across development .	20
S36 Lifestyle intervention in child psychiatry.....	21
S39 Complex youth or Complex care? A multiple perspective study on youth with severe and enduring mental health problems (Clinical Perspective).....	21
S48 Improving the effectiveness of antipsychotic drugs in children with neurodevelopmental disorders: Adverse effects and quality of life.....	22
S52 Preservation of mental health in minors - Determinants and online approaches	22
S53 Understanding environmental mediators in the presence of genetic vulnerability for psychopathology, the model of 22q11.2 Deletion Syndrome.	23
S60 Findings from the Milestone Project: A European Study on Transition from Child to Adult Mental Health Care	23
S71 The microbiome-gut-brain axis in Anorexia nervosa.	24
S84 COVID-19 Session 2	24
S85 Families and Trauma	25
WORKSHOPS MONDAY 20 JUNE 2022 MORNING	26
09h30-13h00: W3 Integrating CAP and adult psychiatry in training: taking care of the children together	26
09h30-13h00: W4 ESCAP YOUTH DIALOGUE - WORKSHOP - let's listen to each other & act wisely!	26
TCS1 Trainee Case Session	26
LUNCH SEMINAR - Neurim	27
12:30-14:00: Sponsored Lunch seminar of Neurim	27
MONDAY 20 JUNE 2022.....	27
14h45-16:00: PARALLEL SESSION 2	27
S13 Intergenerational Transmission of Traumatic Stress and Attachment-Related Risk Prenatally and Postnatally: Mechanisms and Implications for Intervention	27
S27 MBT Group: Working with Parents from a Mentalization Based Approach	28
S35 Child and adolescent mental health care provision in Europe during the COVID-19 pandemic (Clinical Perspective).....	28
S38 Looking ahead with the SIGMA-project: Investigating processes at different timescales to better understand adolescent psychopathological development	29
S42 Opportunities of different types of eHealth for treatment and prevention of psychological difficulties including depression.	29

This final program has been compiled with care. However, typing or compilation errors may still occur. The organization reserves the right to make changes in the composition of sessions and the manner of presentation (e.g. oral, poster, etc.).

S54 Novel insights into multifactorial mechanisms affecting mental health in neurodevelopmental disorders: The case of 22q11.2 Deletion Syndrome	30
S59 Attention in children with autism spectrum disorders	30
S86 Lifelong learning for professionals	31
S87 Genetics in CAP	32
S107 Organization in CAMHS	32
SPONSORED SESSION - MEDICE	34
WORKSHOPS MONDAY 20 JUNE 2022 AFTERNOON	34
14h45-18h15: W6 Lighthouse MBT-Parenting Programme for reducing risk of maltreatment	34
MONDAY 20 JUNE 2022	34
17h15-18h15: PARALLEL SESSION 3	34
S11 ADHD und externalizing disorders in family context – exploring the role of parenting stress and parent child relationship.....	34
S18 New developments in the assessment and treatment of young people with a clinical high risk state of psychosis	35
S61 European perspectives on the impact of the COVID-19 pandemic on the development and course of eating disorders in youth	35
S100 Personalised pharmacological treatment	36
S90 Tailored treatment	36
S91 Network of CAMHS.....	37
S6 Interventions for children of parents with a mental illness	37
S69 Female adolescent conduct disorder: Neurobiological findings and their relation to intervention outcome.	38
S41 Crossing borders: Animal-assisted therapy in child psychiatry (Clinical Perspective)	38
S88 TO BE DETERMINED.....	39
S89 Genetics.....	39
TUESDAY 21 JUNE 2022	40
09h00-10h15: PARALLEL SESSION 1	40
S28 Adolescent Suicidality in Different Psychiatric Contexts: Overview and Prevention	40
S92 Selfharm/COVID-19	41
S97 Cultural sensitivity in CAMHS	41
S44 Novel technologies to investigate social processes across the lifespan.....	42
S46 The promise of digital phenotyping to provide a better characterization of behavior in children and adolescents with autism spectrum disorders	42
S58 Mentalizing in systems, organisations and society	43
S65 Recent developments in the treatment of childhood obsessive-compulsive disorder.....	43

This final program has been compiled with care. However, typing or compilation errors may still occur. The organization reserves the right to make changes in the composition of sessions and the manner of presentation (e.g. oral, poster, etc.).

S103	DECENTRALISATION AND COMMUNITY BASED MENTAL HEALTHCARE ACROSS EUROPE	44
S96	Effects on perinatal stress	44
S94	Supportive care for adolescents.....	45
S93	At risk for psychosis.....	46
S40	Arts therapies for children and adolescents with psychosocial problems (Clinical Perspective)	47
	WORKSHOPS TUESDAY 21 JUNE 2022	47
	09h00-12h30: W7 Joint training across Paediatrics and CAP to meet the needs of children and young people presenting to hospital with mental health and care crises	47
	TUESDAY 21 JUNE 2022	47
	11h30-12h30: PARALLEL SESSION 2	47
S4	Adolescents, substance use disorders and psychiatry: New developments in treatment and research	48
S23	Child psychiatry and somatic comorbidity (Clinical Perspective)	48
S43	Protecting patients from violence in medical institutions - the need for general safeguarding measures ..	49
S57	Short- and long-term consequences of the death and illness of a parent or other loved one during childhood	49
S66	Moderators and mechanisms of early intervention in Autism Spectrum Disorder	50
S67	Findings from a pragmatic randomised controlled trial of a video-feedback intervention: Improving outcomes for young children	50
S72	Autism Spectrum Disorder in Young Children: from concerns to effective intervention approaches in a Dutch clinical setting	51
S98	Risk factors for personality disorders	51
S62	An update on the aetiology, assessment, and clinical characteristics of avoidant and restrictive food intake disorder	52
S99	Eating disorders.....	52
S101	Social economic stressors.....	53
S68	Psychological distress and psychosocial care of unaccompanied refugee minors: The impact of trauma, flight and daily stressors on the mental health of young refugees and the quality of life and transcultural competencies of professionals 6 years after the great wave of refugees in Europe.	53
	TUESDAY 21 JUNE 2022	54
	15h15-16h30: PARALLEL SESSION 3	54
S31	Unpicking the Overlap between Autism and Eating Disorders: Developmental Pathways in Childhood and Adolescence	54
S37	The use of eHealth to decrease mental health problems and promote well-being	54
S45	Adolescent depression: contributions of applied phenomenology and qualitative research.....	55
S70	Diagnostics and treatment of Children and Adolescents with Trauma Related Disorders	56
S76	Competencies in self-regulation in high risk cohorts of adolescents	56
S102	Outcomes of treatment program	57

This final program has been compiled with care. However, typing or compilation errors may still occur. The organization reserves the right to make changes in the composition of sessions and the manner of presentation (e.g. oral, poster, etc.).

S104 Developmental disorders	57
S50 Mentalizing Group -- Mentalization-based therapy for Adolescents (MBT-A): Recent updates in theory, assessment and treatment	58
S63 New neuro-cognitive precursors for tailored prevention of mood disorders in adolescents	58
S95 Challenges for mental health professionals	59
S105 Innovative interventions for youth	59
S106 Session on Autism Spectrum Disorders.....	60

SUNDAY 19 JUNE 2022

09h30-10h45: PARALLEL SESSION 1

S7 Intergenerational transmission of psychopathology; results from a cross-diagnostic approach

TRACK: DEVELOPMENT

Chair:

Discussant: Anne Duffy

Presentations:

09h30-09h45	#84 Brain structure in those at familial high risk for schizophrenia or bipolar disorder: an ENIGMA-Relatives study	Neeltje van Haren
09h45-10h00	#220 Early psychopathological manifestations in the offspring of parents with bipolar disorder	Michal Goetz
10h00-10h15	#82 Risk factors of mood disorders and predictors of the conversion from major depressive disorder to bipolar disorders in a prospective high risk cohort study	Martin Preisig
10h15-10h30	#71 The Mood and Resilience in Offspring study – understanding, detecting and preventing mood symptoms in children at increased risk for mood disorders	Annabel Vreeker
10h30-10h45	Questions and Discussion	All

S12 The role of nutrition and gut microbiota in mental health

TRACK: PREVENTION AND INTERVENTION

Chair:

Discussant: Alexander Häge

Presentations:

09h30-09h45	#94 Short-term clinical effects of an elimination diet and healthy diet in children with ADHD: a randomized controlled trial	Annick Huberts-Bosch
09h45-10h00	#97 Probiotics for the treatment of impulsivity: the PROBIA study	Gara Arteaga-Henríquez

10h00-10h15	#95 A longitudinal study of the gut microbiota during the first three years of life: links with executive functions at age three	Yvonne Willemsen
10h15-10h30	#76 Gastrointestinal symptoms in autistic adults: the physique or the psyche? - Novel insights into determinants from a large Dutch population sample	Eva Warreman
10h30-10h45	Questions and Discussion	All

S14 Psychopathology in children with rare monogenetic syndromes

TRACK: DETERMINANTS

Chair:

Discussant: Sabine Mous

Presentations:

09h30-09h45	#264 Internalizing problems in children with Tuberous Sclerosis Complex (TSC)	Lotte Feith
09h45-10h00	#361 Child characteristics associated with parental stress and child/parental quality of life in Angelman syndrome	Doesjka Hagenaar
10h00-10h15	#468 Autism symptoms in children and young adults with Fragile X Syndrome, Angelman Syndrome, Tuberous Sclerosis Complex and Neurofibromatosis Type 1: a cross-syndrome comparison	Kyra Lubbers
10h15-10h30	#263 The prevalence and combined measurement prediction of ASD in children with tuberous sclerosis complex (TSC)	Chantal Straver
10h30-10h45	Questions and Discussion	All

S19 Attachment and trauma: The effects of early intervention in child and adolescent psychiatry

TRACK: SOCIAL AND FAMILY NETWORKS

Chair:

Discussant: Michael Kaess

This final program has been compiled with care. However, typing or compilation errors may still occur. The organization reserves the right to make changes in the composition of sessions and the manner of presentation (e.g. oral, poster, etc.).

Presentations:

09h30-09h45	#120 The importance of unresolved attachment in adolescents with psychiatric disorders and its implications for treatment	Manuela Gander
09h45-10h00	#160 Attachment patterns and attachment-based affect regulation in mothers of a psychiatric parent-child ward	Ann-Christin Jahnke-Majorkovits
10h00-10h15	#124 Mothers' and children's perspectives on children's threat experience and trauma symptoms	Silvia Exenberger
10h15-10h30	#127 Non-suicidal self-injury and attachment trauma in adolescents with psychiatric disorders: A treatment approach	Martin Fuchs
10h30-10h45	Questions and Discussion	All

S22 International networks in CAP training: I get by with a little help from my friends
TRACK: YOUNG PROFESSIONALS

Chair:

Discussant:

Presentations:

09h30-09h45	#345 An introductory overview of the history and present international training activities in CAP	Carmen Schroder
09h45-10h00	#228 The UEMS-CAP Curriculum Framework: something old, something new, something for you	Thorsten Schumann
10h00-10h15	#158 International examination and assessment for CAP trainees: a bumpy road uphill	Krisztina Kapornai
10h15-10h30	#139 An international community of practice for CAP training – a Delphi study	Peter Deschamps
10h30-10h45:	Questions and Discussion	All

S24 Tracing the origins from synapse to EEG in monogenetic neurodevelopmental disorders: the brainmodel perspective.

TRACK: BRAIN AND GENETIC NETWORKS

Chair:

Discussant: Arne Popma

Presentations:

09h30-09h45	#493 Human neurons in a dish: Cellular phenotyping of patients with neurodevelopmental disorders	Maaïke van Boven
09h45-10h00	#537 Bumetanide as a mechanism-based treatment for neurodevelopmental disorders	Lisa Geertjens
10h00-10h15	#377 Identification and validation of EEG biomarkers in the Subject-Specific Bumetanide Treatment of Neurodevelopmental Disorders using The Neurophysiological Biomarker Toolbox	Shilpa Anand
10h15-10h30	#385 EEG-based Predictions of Repetitive Behavioral Improvement in a Randomized Controlled Trial "Bumetanide in Autism Spectrum Disorder"	Gianina Cristian
10h30-10h45	Questions and Discussion	All

S33 Innovative strategies to access mental health care for youth

TRACK: PREVENTION AND INTERVENTION

Chair:

Discussant: Anne Edan

Presentations:

09h30-09h45	#167 Prevention after traumatic exposition in schools: clinical perspectives of intervention	Guillemette Bouard
09h45-10h00	#328 Writing your way out of loneliness	Claire Prével
10h00-10h15	#351 Youth suicide prevention on YouTube	Adriana Radulescu
10h15-10h30	#295 Geneva Model: first line mental health care for adolescents	Marian Garcia Iglesias
10h30-10h45	Questions and Discussion	All

S55 Transdiagnostic ecological momentary interventions targeting specific constructs aimed at improving youth mental health.

TRACK: PREVENTION AND INTERVENTION

Chair:

Discussant: Ulrich Reininghaus

Presentations:

09h30-09h45	#299 The SELFIE-Study: a Novel Self-esteem Ecological Momentary Intervention in Traumatized Youth	Maud Daemen
09h45-10h00	#288 A realist evaluation of a transdiagnostic ecological momentary intervention for improving self-esteem (SELFIE) in youth exposed to childhood adversity	Mary Rose Postma
10h00-10h15	##439 An ecological momentary compassion-focused intervention for enhancing resilience in help-seeking youths	Anita Schick
10h15-10h30	#372 Efficacy of Acceptance and Commitment Therapy in Daily Life (ACT-DL) in Early psychosis: Findings from a Multi-Centre Randomized Controlled Trial	Thomas Vaessen
10h30-10h45	Questions and Discussion	All

S64 Callous unemotional and other conduct disorder related traits: Underlying neurobiology

TRACK: BRAIN AND GENETIC NETWORKS

Chair:

Discussant: Christina Stadler

Presentations:

09h30-09h45	#411 Brain Response to Threatening Faces in Youths with Conduct Disorder: Effects of Sex and Variation in Callous-Unemotional Traits	Stephane De Brito
09h45-10h00	#450 Testing the Ecophenotype Model: Cortical Structure Alterations in Conduct Disorder With Versus Without Childhood Maltreatment	Marlene Staginnus

10h00-10h15	#405 Genetic networks underlying callous-unemotional and aggressive behaviour	Christine Freitag
10h15-10h30	#416 Endocrinological stress response is differentially related aggressive behaviour and callous unemotional traits	David Jitten
10h30-10h45	Questions and Discussion	All

S80 Treatment profiles

TRACK: DETERMINANTS

Chair:

Discussant:

Presentations:

09h30-09h45	#31 Personality Risk Profiles and Adolescent Alcohol, Cannabis and Tobacco Use – a Panel Network Approach	René Freichel
09h45-10h00	#1 Mapping the UASC's psychosocial needs and difficulties, and provision of MHPSS services in Greece	Ioanna Giannopoulou
10h00-10h15	#8 Risk of onset and persistence of psychiatric conditions in children and young people with long-term physical health conditions: Longitudinal evidence from the British Child and Adolescent Mental Health Surveys	Laura Panagi
10h15-10h30	#6 Psychotropic Drug Use Following a Terror Attack: An Interrupted Time Series Analysis Using Data from the French National Health Insurance Information System	Alexis Revet
10h30-10h45	Questions and Discussion	All

S81 - Adverse environmental factors

TRACK: DETERMINANTS

Chair:

Discussant:

This final program has been compiled with care. However, typing or compilation errors may still occur. The organization reserves the right to make changes in the composition of sessions and the manner of presentation (e.g. oral, poster, etc.).

Presentations:

09h30-09h45	#11 Comparison of social atom diagram traits in Children and adolescents of age 7-17 having psychiatric disorders with general population	Kamilė Plėšnytė
09h45-10h00	#64 Specificities of Consensual and Non-consensual Sexting Behaviors in Adolescence	Ricardo Barroso
10h00-10h15	#53 Cyberbullying in adolescent girls concerning social media attitude	Ayse Rodopman Arman
10h15-10h30	#389 The evaluation of sociodemographic, developmental, psychological and psychosocial differences of sexually abused youth in terms of causality	Akın Tahıllıođlu
10h30-10h45	Questions and Discussion	All

WORKSHOPS SUNDAY 19 JUNE 2022

09h30-12h30: W1 Autism Spectrum Condition in adolescent natal females

Abstract ID #205

TRACK: DEVELOPMENT

Presenting: Myooran Canagaratnam

09h30-12h30: W2 Workshop on Experience Sampling Methods

Abstract ID #210

TRACK: EHEALTH NETWORKS

Presenting: Fleur Helmink

SUNDAY 19 JUNE 2022

11h15-12:30: PARALLEL SESSION 2

S3 Pathways from early trauma to mental health outcomes: A Lifespan perspective

TRACK: DETERMINANTS

This final program has been compiled with care. However, typing or compilation errors may still occur. The organization reserves the right to make changes in the composition of sessions and the manner of presentation (e.g. oral, poster, etc.).

Chair:

Discussant: Helen Minnis

Presentations:

11h15-11h30	#543 The expected and the unexpected in recovery and development after abuse and neglect: The role of early foster carer commitment on young children's symptoms of attachment disorders and mental health problems over time	Fiona Turner
11h30-11h45	#129 Can childhood maltreatment cause ADHD? A systematic review of prospective longitudinal studies using the Bradford-Hill criteria	Evi Bali
11h45-12h00	#133 The 'Double Jeopardy Model': Can we improve prediction of children and young people at clinical-high-risk of poor mental health outcomes	Ruchika Gajwani
12h00-12h15	#80 Pathways from childhood maltreatment to adult mental health	Jala Rizeq
12h15-12h30	Questions and Discussion	All

S5 Transitional age youth mental health: how to improve the continuity of psychiatric care at the CAMHS-AMHS interface?

TRACK: DETERMINANTS

Chair:

Discussant:

Presentations:

11h15-11h30	#595 From tracking transitions to managing transitional care: lessons from TRACK and MILESTONE	Swaran Singh
11h30-11h45	#212 Trajectories of Psychiatric Care in an Outpatient Program Designed for Transitional Age Youth in French-speaking Belgium	Simone Marchini
11h45-12h00	#354 CURRENT RECOMMENDATIONS REGARDING TRANSITION FROM CHILD AND ADOLESCENT MENTAL HEALTH SERVICES (CAMHS) TO ADULT MENTAL HEALTH SERVICES (AMHS)	Joana Reis
12h00-12h15	#208 The benefits and challenges of involving young people with lived experience in large scale international research in mental health	Cathy Street

This final program has been compiled with care. However, typing or compilation errors may still occur. The organization reserves the right to make changes in the composition of sessions and the manner of presentation (e.g. oral, poster, etc.).

12h15-12h30 **Questions and Discussion** All

S9 MBT new perspectives

TRACK: PREVENTION AND INTERVENTION

Chair:

Discussant: Dickon Bevington

Presentations:

11h15-11h30	#83 Reflective functioning and empathy: associations with externalizing behaviors in typical developing and antisocial adolescents	Larisa Morosan
11h30-11h45	#100 Emotion Recognition and Mentalizing in adolescents with ADHD.	Elena Poznyak
11h45-12h00	#592 Mentalization-based treatment for adolescents with Conduct Disorder (MBT-CD): a feasibility study	Sophie Hauschild
12h00-12h15	#591 Change of mentalization in relation with specific interventions within mentalization-based psychotherapy of adolescents with conduct disorder – a comparative case study	Lea Kasper
12h15-12h30	Questions and Discussion	All

S20 Building bridges: the epidemiology of eating disorder symptomatology in childhood and its neurobiological correlates.

TRACK: DETERMINANTS

Chair:

Discussant: Gwen Dieleman

Presentations:

11h15-11h30	#466 The longitudinal relationship between set-shifting at four years of age and eating disorder related features at nine years of age in the general pediatric population	Cathelijne Steegers
11h30-11h45	#524 The association between restrictive eating disorder features and brain morphology in the general pediatric population	Marlies Deen

11h45-12h00	#159 Characterising Avoidant Restrictive Food Intake Disorder in Children: a Population-Based Approach	Michelle Sader
12h00-12h15	#447 Unravelling the neurobiology of anorexia nervosa: the predictive value of neuroimaging measures on the differential course of anorexia nervosa and identifying the underlying brain networks	Katrien Bracké
12h15-12h30	Questions and Discussion	All

S21 New Research Findings with Clinical Implications from the Amsterdam Transgender Youth Cohort

TRACK: DEVELOPMENT

Chair:

Discussant: Roy van Vlerken

Presentations:

11h15-11h30	#281 Decision Making Capacity in Transgender Adolescents	Annelou L.C. de Vries
11h30-11h45	#215 On the Intersection of Autism and Transgender Identities: A Long-Term Follow-up of Autistic Transgender Children and Adolescents into Young Adulthood	Anna van der Miesen
11h45-12h00	#596 Mental Health Evaluation of Early Medical Treatment for Gender Dysphoria in Adolescence: a Long Term Follow-up Study into Adulthood	Marijn Arnoldussen
12h00-12h15	#276 Evaluation of Early Medical Treatment for Gender Dysphoria in Adolescence: a Long Term Follow-up Study into Adulthood	Frédérique de Rooy
12h15-12h30	Questions and Discussion	All

S25 The Two-Way Road - Transactional Processes of Parenting and Child Mental Health Outcomes

TRACK: SOCIAL AND FAMILY NETWORKS

Chair:

Discussant: Bernet Elzinga

Presentations:

11h15-11h27	#149 Unravelling bidirectional associations between harsh parental discipline and offspring emotional and behavioural problems: Triangulating findings across three longitudinal models	Marie-Louise Kullberg
11h27-11h39	#189 An exploration of intergenerational transmission of parenting and attachment related processes – a three generation study in a high risk sample	Esther Mesman
11h39-11h51	#198 “Covid-19 is dangerous”: The Role of Parental Verbal Threat Information on Children’s Fear of Covid-19	Cosima Nimphy
11h51-12h03	#157 The impact of COVID-19 on adolescents’ daily lives – and the role of the parents	Robin Achterhof
12h03-12h15	#341 The moderating effect of mind-mindedness on parenting skills in Parent-Child Interaction Therapy	Merlijn Meynen
12h15-12h30	Questions and Discussion	All

S34 Early detection of Personality Disorders and Personality Difficulties by assessing impairments in Personality functioning (Criterion A) in self and informant report

TRACK: PREVENTION AND INTERVENTION

Chair:

Discussant: Eva Moehler

Presentations:

11h15-11h30	#407 Levels of Personality functioning in self-report and informant report (LoPF-Q 6-18 Parent) in school and clinic samples: Differences between 6-12 and 13-18 year olds in impairment levels and in relation to categorical personality disorder criteria and in different diagnostic groups	Marc Birkhölzer
11h30-11h45	#528 Personality functioning assessed by therapist report (LoPF-Q Therap) compared to self-report and parent-report as outcome variable in a pre-post therapy setting (START-Kids)	Andrea Dixius
11h45-12h00	#446 Personality structure of children and adolescents assessed with age-specific questionnaires for the OPD-CA2 concept: Comparison of self and parent report and relation to psychopathology in clinic and school populations	Lea Sarrar

12h00-12h15	#225 Self-reported personality functioning in Russian school and clinic samples (LoPF-Q 12-18 Russian)	Natalia Zvereva
12h15-12h30	Questions and Discussion	All

S47 Anorexia nervosa – recent specific treatment trials using various settings in adolescents

TRACK: TREATMENT

Chair:

Discussant: Beate Herpertz-Dahlmann

Presentations:

11h15-11h30	#478 The cognitive interpersonal model for adolescents and their carers	Janet Treasure
11h30-11h45	#333 The Maudsley model of anorexia nervosa treatment for adolescents and young adults (MANTRa): A promising new treatment option for anorexia nervosa in adolescents	Andrea Schneider
11h45-12h00	#352 Short-Term Outcome of Inpatient Treatment for Adolescents with Anorexia Nervosa Using DSM-5 Remission Criteria	Dunja Mairhofer
12h00-12h15	#503 Day patient treatment and home treatment as alternatives to inpatient treatment	Brigitte Dahmen
12h15-12h30	Questions and Discussion	All

S51 CAP training during the pandemic

TRACK: YOUNG PROFESSIONALS

Chair:

Discussant: Dimitris Anagnostopoulos

Presentations:

11h15-11h30	#253 Online training during the pandemic	Konstantinos Kotsis
11h30-11h45	#245 Psychotherapy Training in Child and Adolescent Psychiatry: Europe and Covid-19	Asilay Seker
11h45-12h00	#593 How building CAP competence for trainees through online format? An exploratory qualitative study	Marie-Aude PIOT

12h00-12h15	#331 Potential effects of Covid-19 on training in CAP: the balance after a year	Peter Deschamps
12h15-12h30	Questions and Discussion	All

S82 COVID-19 Session 1

TRACK: COVID-19

Chair: Cédric Galera

Discussant:

Presentations:

11h15-11h25	#2 Video Consulting within Child and Adolescent Mental Health Services in Wales throughout the COVID-19 pandemic	Alka Ahuja
11h25-11h35	#150 Pre-pandemic emotion regulation as a protective factor for adolescent mental health problems during the COVID-19 pandemic	Jessica Maruyama
11h35-11h45	#52 Longitudinal impact of psychosocial status on children's mental health in the context of COVID-19 pandemic restrictions	Flore Moulin
11h45-11h55	#201 Differences in mental health problems before and during the COVID-19 pandemic in Dutch children and adolescents referred to youth care	Jacintha Tieskens
11h55-12h05	#231 Mental health problems during the COVID-19 pandemic in Dutch children and adolescents with and without pre-existing mental health problems	Josjan Zijlmans
12h05-12h15	#581 How to treat pandemic scars?	Milica Pejovic Milovancevic
12h15-12h30	Questions and Discussion	All

S83 New insight from brain imaging studies

TRACK: BRAIN AND GENETIC NETWORKS

Chair:

Discussant:

Presentations:

11h15-11h27	#219 Longitudinal Neuroimaging Analysis of the Limbic Lobe Network in ADHD	Michael Connaughton
11h27-11h39	#277 Transdiagnostic Neural Signatures in common Pediatric Psychiatric Disorders: a data-driven meta-analysis of functional neuroimaging studies	Jules Dugré
11h39-11h51	#40 Subcortical brain maturation predicts healthy adolescents' externalizing symptomatology	Irina Jarvers
11h51-12h03	#90 Longitudinal effects of antidepressant treatment on resting-state functional connectivity in adolescents with major depressive disorder	Jae-Won Kim
12h03-12h15	#254 A longitudinal MRI study of the connectome in adolescent offspring at familial high risk for bipolar disorder or schizophrenia	Simon Poortman
12h15-12h30	Questions and Discussion	All

MONDAY 20 JUNE 2022

09h15-10:30: PARALLEL SESSION 1

S2 Cognitive and functional outcomes in children of parents with severe mental illness across development

TRACK: DETERMINANTS

Chair:

Discussant: Kerstin von Plessen

Presentations:

09h15-09h30	#43 Systematic Review: Functional Outcome and Quality of Life in Offspring of Parents with Bipolar Disorder	Fleur Helmink
09h30-09h45	#59 Development of Social and Neurocognitive Functioning in preadolescent children at familial high risk of schizophrenia or bipolar disorder: The Danish High Risk and Resilience Study – VIA 11	Nicoline Hemager
09h45-10h00	#63 Genetic and structural brain correlates of cognitive subtypes across youth at family risk for schizophrenia and bipolar disorder	Isabel Valli
10h00-10h15	#105 Psychosocial functioning in offspring of parents with bipolar and unipolar mood disorders assessed across 15 years of follow-up	Caroline Vandeleur
10h15-10h30	Questions and Discussion	All

This final program has been compiled with care. However, typing or compilation errors may still occur. The organization reserves the right to make changes in the composition of sessions and the manner of presentation (e.g. oral, poster, etc.).

S36 Lifestyle intervention in child psychiatry

TRACK: PREVENTION AND INTERVENTION

Chair:

Discussant:

Presentations:

09h15-09h30	#183 Novel insights into somatic comorbidities in children and adolescents across psychiatric diagnoses	Jet Muskens
09h30-09h45	#609 Lifestyle interventions in daycare and clinical residencies in child and adolescent psychiatry: qualitative research	Malindi van der Mheen
09h45-10h00	# -	Coco Jilesen
10h00-10h15	#203 The Movements study A randomized controlled trail comparing the short and long term effects of a lifestyle intervention in children with a psychiatric disorder. Rationale, study design and methode	Emilie van Tetering
10h15-10h30	Questions and Discussion	All

S39 Complex youth or Complex care? A multiple perspective study on youth with severe and enduring mental health problems (Clinical Perspective)

TRACK: TREATMENT

Chair:

Discussant: Robert Vermeiren

Presentations:

09h15-09h30	#187 Key features of youth with severe and enduring mental health problems	Chanel Bansema
09h30-09h45	#206 Integrating lived experience of youngsters with mental health problems in the funding and conduct of science	Vivian Hemmeler
09h45-10h00	#186 Contributing and hindering factors in treatment of youth with severe and enduring mental health problems	Rianne de Soet

10h00-10h15	#301 Behavioral problems hinder societal functioning of adolescents and young adults with an Autism Spectrum Disorder	Emma van Daalen
10h15-10h30	Questions and Discussion	All

S48 Improving the effectiveness of antipsychotic drugs in children with neurodevelopmental disorders: Adverse effects and quality of life

TRACK: TREATMENT

Chair:

Discussant: Gisela Sugranyes

Presentations:

09h15-09h30	#540 Long-term effectiveness of off-label risperidone in children and adolescents: a randomized, placebo-controlled discontinuation study	P.J. Hoekstra
09h30-09h45	#435 Safety of second generation antipsychotics in developmental psychiatric disorders: what update?	MARIA PIA RICCIO
09h45-10h00	#453 Antipsychotics in the treatment of pediatric tic disorders	Peter Nagy
10h00-10h15	#337 Molecular mechanisms of metabolic disorders induced by antipsychotics: road to prevention and treatment	Marco Pozzi
10h15-10h30	Questions and Discussion	All

S52 Preservation of mental health in minors - Determinants and online approaches

TRACK: PREVENTION AND INTERVENTION

Chair: Miriam Rassenhofer

Discussant:

Presentations:

09h15-09h30	#386 Competence Area Mental Health Prevention – Obstacles towards the use of professional help and mobilization of short-term prevention activities within the context of the COVID-19 pandemic	Emily Gossmann
09h30-09h45	#332 Lifespan risks of growing up in a family with mental illness or substance abuse	Vera Clemens
09h45-10h00	#500 We make you STRONG - Online prevention program for children and adolescents from divorced families	Thorsten Sukale

10h00-10h15	#445 BASE - Building Mental Health Across Lifespan - E-learning to empower Primary Care Provide	Katharina Grau
10h15-10h30	Questions and Discussion	All

S53 Understanding environmental mediators in the presence of genetic vulnerability for psychopathology, the model of 22q11.2 Deletion Syndrome.

TRACK: DEVELOPMENT

Chair:

Discussant:

Presentations:

09h15-09h30	#296 Characteristics of individuals with 22q11.2DS who convert to psychotic disorders during a long-term close psychiatric follow-up	Michal Taler
09h30-09h45	#271 Post-traumatic stress in individuals with 22q11.2 deletion syndrome	Therese van Amelsvoort
09h45-10h00	#287 Parental Expressed Emotion, Parenting Stress, and Behavioral Problems of Young Children with 22q11.2 Deletion Syndrome and Idiopathic Autism Spectrum Disorder	Yaffa Serur
10h00-10h15	#261 Differences in daily-life psychopathology dynamics across neurodevelopment disorders, revealed by a novel multi-layer network analysis approach	Corrado Sandini
10h15-10h30	Questions and Discussion	All

S60 Findings from the Milestone Project: A European Study on Transition from Child to Adult Mental Health Care

TRACK: PREVENTION AND INTERVENTION

Chair:

Discussant: Leanne Walker

Presentations:

09h15-09h30	#487 Managed Transition to support mental health outcomes at the child and adult mental health service boundary	Helena Tuomainen
-------------	--	------------------

09h30-09h45	#344 Leaving Child and Adolescent Mental Health Services in Europe: Young People's Mental Health Indicators, Care Pathways and Outcomes	Suzanne Gerritsen
09h45-10h00	#434 THE IMPORTANCE OF CLINICIANS' AND PARENTS' AWARENESS OF SUICIDAL BEHAVIOUR IN ADOLESCENTS REACHING THE UPPER AGE LIMIT OF THEIR MENTAL HEALTH SERVICES IN EUROPE	Giovanni de Girolamo
10h00-10h15	#458 The Perspective of Young Project Advisors on the MILESTONE Findings	Amanda Tuffrey
10h15-10h30	Questions and Discussion	All

S71 The microbiome-gut-brain axis in Anorexia nervosa.

TRACK: BRAIN AND GENETIC NETWORKS

Chair:

Discussant: Nadia Micali

Presentations:

09h15-09h30	#559 Gut microbiota and Anorexia Nervosa. A systematic review and quantitative synthesis of pooled microbiological data	Laura Di Lodovico
09h30-09h45	#460 Gut-brain axis in child psychiatry - aetiology, probiotics treatment, and well-being	Andreas Karwautz
09h45-10h00	#449 GUT MICROBIOME ALTERATIONS IN ANOREXIA NERVOSA DO NOT NORMALIZE AFTER SHORT-TERM WEIGHT RESTORATION	Jochen Seitz
10h00-10h15	#587 CHANGES IN THE GUT MICROBIOME IN AN ANIMAL MODEL OF ANOREXIA NERVOSA	Stefanie Trinh
10h15-10h30	Questions and Discussion	All

S84 COVID-19 Session 2

TRACK: COVID-19

Chair: Arne Popma

Discussant:

This final program has been compiled with care. However, typing or compilation errors may still occur. The organization reserves the right to make changes in the composition of sessions and the manner of presentation (e.g. oral, poster, etc.).

Presentations:

09h15-09h23	#477 Generalized anxiety among Finnish youth from 2013 to 2021 – trend and the impact of COVID-19	Terhi Aalto-Setälä
09h23-09h31	#412 Exploring the impact of the second pandemic-related lockdown on preschool children in Greece: The VYronas Kids (VYKI) Study	Konstantina Magklara
09h31-09h39	#134 Adolescent mental health before and during the COVID-19 pandemics: The 2004 Pelotas Birth Cohort	Alicia Matijasevich
09h39-09h47	#324 Impact of COVID-19 pandemic on internet gaming disorder among children and adolescents: what can we tell so far?	Luis Paulino Ferreira
09h47-09h55	#364 Internalizing Problems Before and During the COVID-19 Pandemic in Dutch Children and Adolescents from the General Population	Hedy van Oers
09h55-10h03	#480 Impact of the COVID-19 pandemic on mental health and digital media use of patients referred to child and adolescent psychiatry. Results of surveys among children, adolescents and their parents in Switzerland	Anna Maria Werling
10h03-10h11	#114 Happier During Lockdown: A descriptive analysis of self-reported wellbeing in 17,000 UK school students during Covid-19 lockdown	Emma Soneson
10h11-10h30	Questions and Discussion	All

S85 Families and Trauma

TRACK: PREVENTION AND INTERVENTION

Chair:

Discussant:

Presentations:

09h15-09h30	#338 Families with violence exposure and the intergenerational transmission of somatization	Jennifer Glaus
09h30-09h45	#255 Parental reports on corporal punishment attitudes and norms, and on child dysfunctioning: is there a connection? Reports by parents in a nationally representative sample	Roberto Grujcic
09h45-10h00	#22 Prolonged exposure to violence: The effect of Post-Traumatic Stress symptoms and Sleep problems on Suicidal Thoughts and Behaviors among college students	Sami Hamdan

This final program has been compiled with care. However, typing or compilation errors may still occur. The organization reserves the right to make changes in the composition of sessions and the manner of presentation (e.g. oral, poster, etc.).

10h00-10h15	#312 Risk and protective factors for sexual exploitation in youth and the role of gender: a systematic review	Gabrielle Mercera
10h15-10h30	Questions and Discussion	All

WORKSHOPS MONDAY 20 JUNE 2022 MORNING

09h30-13h00: W3 Integrating CAP and adult psychiatry in training: taking care of the children together

Abstract ID #214

TRACK: YOUNG PROFESSIONALS

Presenting: Peter Deschamps

09h30-13h00: W4 ESCAP YOUTH DIALOGUE - WORKSHOP - let's listen to each other & act wisely!

Abstract ID #229

TRACK: PREVENTION AND INTERVENTION

Presenting: Matthias Köster

TCS1 Trainee Case Session

TRACK: TRAINEE CASE SESSION

Chair:

Discussant:

Presentations:

09h15-09h23	#20 A 6-Year-Old Boy with Foot Fetish and Feminine Behaviors: The Role of Psychoanalytically Oriented Play Therapy	Aslı Begüm Can Aydın
09h23-09h31	#525 A rare case of hair loss induced by aripiprazole in a child with behavioral impairments	Aybike Aydın
09h31-09h39	#28 Case Report: Pseudohallucination in an Adolescent Girl with Gender Dysphoria	Beste Doğar Karaca
09h39-09h47	#359 Psychiatric and neurological expressions of a ADCY5-gen mutation in a 7-year old boy: a case report	Paula Karuza

09h47-09h55	#420 The diagnosis of juvenile myasthenia gravis in a 14-years-old adolescent presenting with mood and anxiety disorders: the complex balance between neurology and psychiatry	Anna Salvalaggio
09h55-10h03	#168 A severe presentation of schizophrenia in a young patient with a 2q13 duplication	Cecilia Sanjuan Ortiz
10h03-10h11	#122 Flying under the radar: A case of a young woman with Autism Spectrum Disorder (ASD) presenting in late adolescence	Aleksandra Szczap
10h11-10h30	Questions and Discussion	All

LUNCH SEMINAR - Neurim

12:30-14:00: Sponsored Lunch seminar of Neurim

TRACK: Sponsored lunch seminar

Chair:

Discussant:

Presenting:

MONDAY 20 JUNE 2022

14h45-16:00: PARALLEL SESSION 2

S13 Intergenerational Transmission of Traumatic Stress and Attachment-Related Risk Prenatally and Postnatally: Mechanisms and Implications for Intervention

TRACK: DETERMINANTS

Chair: Daniel S. Schechter

Discussant: Sylvie Viaux Savelon

Presentations:

14h45-15h00	#533 Longitudinal perspectives focused on narrativity from infancy to toddlerhood of children of borderline mothers. What can research teach us on early mother-baby clinical therapeutic settings?	Genet Marie-Camille
15h00-15h15	#77 The role of the HPA axis in predicting associations between maternal prenatal stress and child outcomes	Naomi Downes
15h15-15h30	#96 Effects of maternal trauma and associated psychopathology on atypical maternal behavior and infant social withdrawal six months postpartum	Nina Burtchen
15h30-15h45	#140 Accumulated risk factors of maternal violence related PTSD and related concepts associate in dimensional way to child pathology and other outcome risks.	Dominik Moser
15h45-16h00	Questions and Discussion	All

This final program has been compiled with care. However, typing or compilation errors may still occur. The organization reserves the right to make changes in the composition of sessions and the manner of presentation (e.g. oral, poster, etc.).

S27 MBT Group: Working with Parents from a Mentalization Based Approach

TRACK: PREVENTION AND INTERVENTION

Chair:

Discussant: Norka Malberg

Presentations:

14h45-15h00	#178 Perspectives on the body in mentalizationoriented Psychotherapy	Maria Teresa Diez Grieser
15h00-15h15	#156 Working with parents alongside mentalization based treatment with children, with a special focus on working with traumatized parents.	Nicole Muller
15h15-15h30	#151 Relational Savoring: A Positive Psychology Intervention Targeting the Enhancement of Mentalizing	Lytic Russo
15h30-15h45	#152 The Mediation Intervention for Sensitizing Caregivers: Evidence from South Africa and mothers with Borderline Personality Disorder	Carla Sharp
15h45-16h00	Questions and Discussion	All

S35 Child and adolescent mental health care provision in Europe during the COVID-19 pandemic (Clinical Perspective)

TRACK: COVID-19

Chair:

Discussant: Anne Marie Råberg Christensen

Presentations:

14h45-15h00	#606 Need adapted development of care-systems for children and adolescent psychiatric disorders – results of a health care research project in Germany	Michael Kölch
15h00-15h15	#601 Child psychiatry as a social medical profession: developments in the Netherlands	Robert Vermeiren

15h15-15h30	#249 Child and adolescent mental health care in Greece	Konstantinos Kotsis
15h30-15h45	#607 Provision of care in Child and adolescent psychiatry in Slovenia pre, during and a look into the expected future after the COVID-19 pandemic	Maja Drobnič Radobuljac
15h45-16h00	Questions and Discussion	All

S38 Looking ahead with the SIGMA-project: Investigating processes at different timescales to better understand adolescent psychopathological development

TRACK: DETERMINANTS

Chair:

Discussant: Inez Myin-Germeys

Presentations:

14h45-15h00	#185 COVID-19-related changes in adolescents' daily-life social interactions and psychopathology symptoms	Robin Achterhof
15h00-15h15	#451 The role of childhood adversity and threat anticipation in the development of psychopathology in adolescence	Isabell Pätzold
15h15-15h30	#426 Future orientation and anticipatory emotion regulation in adolescence during the Covid-19 pandemic: The role of psychopathology and contextual factors	Anu Hiekkaranta
15h30-15h45	#403 Advancing credibility in longitudinal research by implementing open science practices: Examples from the SIGMA study	Olivia Kirtley
15h45-16h00	Questions and Discussion	All

S42 Opportunities of different types of eHealth for treatment and prevention of psychological difficulties including depression.

TRACK: EHEALTH NETWORKS

Chair:

Discussant: Annabel Vreeker

Presentations:

14h45-15h00	#211 Appealing to youth with video game based depression prevention	Marlou Poppelaars
-------------	--	-------------------

15h00-15h15	#380 "Taking action": an e-health early intervention targeting parents, embedded in a school context	Maurane Desmet
15h15-15h30	#369 A Systematic Review on Blended Care in Youth Mental Health	Elisa Boelens
15h30-15h45	#284 Pragmatic Quasi-Experimental Controlled Trial Evaluating the Outcomes of Blended CBT Compared to Face-to-Face CBT and Treatment as Usual for Adolescents with Depressive Disorders	Yvonne Stikkelbroek
15h45-16h00	Questions and Discussion	All

S54 Novel insights into multifactorial mechanisms affecting mental health in neurodevelopmental disorders: The case of 22q11.2 Deletion Syndrome

TRACK: DEVELOPMENT

Chair:

Discussant: Corrado Sandini

Presentations:

14h45-15h00	#274 The Validation of the Medical Burden Scale in Individuals with 22q11.2 Deletion Syndrome	Noam Matalon
15h00-15h15	#358 Clinical and cognitive correlates of multivariate patterns of sleep disturbance in 22q11.2 Deletion Syndrome	Natacha Reich
15h15-15h30	#273 Involvement of inflammation and blood-brain barrier permeability in cognitive deficits and psychosis in 22q11.2 deletion syndrome	Michal Taller
15h30-15h45	#268 Characterizing ADHD symptomatology and the effects of methylphenidate treatment in individuals with 22q11.2 deletion syndrome	Caren Latrèche
15h45-16h00	Questions and Discussion	All

S59 Attention in children with autism spectrum disorders

TRACK: DEVELOPMENT

Chair:

Discussant: Marie Schaer

This final program has been compiled with care. However, typing or compilation errors may still occur. The organization reserves the right to make changes in the composition of sessions and the manner of presentation (e.g. oral, poster, etc.).

Presentations:

14h45-15h00	#394 Measuring social orienting in preschoolers with autism spectrum disorder using different types of eye-tracking paradigms	François Robain
15h00-15h15	#441 Pupillometric measures of locus coeruleus-norepinephrine activity explain altered gaze preferences in preschoolers with autism spectrum disorder	Christine Freitag
15h15-15h30	#357 Neural networks involved in social visual engagement in preschoolers with ASD	Nada Kojovic
15h30-15h45	#342 Characterizing Cognitive flexibility in ASD and ADHD children	Fiona Journal
15h45-16h00	Questions and Discussion	All

S86 Lifelong learning for professionals

TRACK: YOUNG PROFESSIONALS

Chair:

Discussant:

Presentations:

14h45-15h00	#44 Establishing effective working relationships between youth peer specialists and clinicians in child and adolescent mental health services	Carolijn de Beer
15h00-15h15	#111 Career pathways for child and adolescent psychiatrists -A national trainee led recruitment project	Anna Sofie Hansen
15h15-15h30	#305 Attitudes towards patients with mental health disorders among child psychiatrists across Europe	Dorottya Ori
15h30-15h45	#74 QUALITY IMPROVEMENT APPROACH OF CLINICAL HANDOVER IN THE LIAISON PSYCHIATRY DEPARTMENT IN CHI- CRUMLIN	Engy Shehata
15h45-16h00	Questions and Discussion	All

S87 Genetics in CAP

TRACK: BRAIN AND GENETIC NETWORKS

Chair:

Discussant:

Presentations:

14h45-15h00	#163 Genome-wide gene-environment interplay on child subcortical brain structures and psychopathology risk	Koen Bolhuis
15h00-15h15	#371 Genetic overlap between somatic diseases and psychiatric disorders	Janita Bralten
15h15-15h30	#465 Could the stereotypes level be used to differentiate the clinical manifestation of autism: Ankara University Autism Biobank Preliminary Data	Merve Cikili-Uytun
15h30-15h45	#382 Impact of ADHD polygenic risk on childhood growth	Manuela Kouakou
15h45-16h00	Questions and Discussion	All

S107 Organization in CAMHS

TRACK: PREVENTION AND INTERVENTION

Chair:

Discussant:

Presentations:

14h45-15h00	#60 Gender-Specific Child and Adolescent Mental Health Care	Lena Herrmann
15h00-15h15	#23 Evaluation of an online-course for professionals on supporting transition of young people with mental illness from adolescence to adulthood (ProTransition)	Elisa Koenig
15h15-15h30	#517 The use of DAWBA algorithm diagnoses in psychiatric assessment in child and adolescent psychiatry	Marlene Briciet Lauritsen
15h30-15h45	#67 Effects of burnout symptoms on the institutional consequences. A study among professionals at psychiatric clinics and departments for children and adolescents	Sarah Haehnle
15h45-16h00	Questions and Discussion	All

SPONSORED SESSION - MEDICE

TRACK: Sponsored session

Chair:

Discussant:

Presentations:

14h45-15h00	#-	-
15h00-15h15	#-	-
15h15-15h30	#-	-
15h30-15h45	#-	-
15h45-16h00	Questions and Discussion	All

WORKSHOPS MONDAY 20 JUNE 2022 AFTERNOON

14h45-18h15: W6 Lighthouse MBT-Parenting Programme for reducing risk of maltreatment

Abstract ID #392

TRACK: TREATMENT

Presentation: Gerry Byrne

14h45-18h15: W5 'Evidence-based trauma treatment for young people: Doing what works!'

Abstract ID #232

TRACK: TREATMENT

Presentation: Marlies van Dijk

MONDAY 20 JUNE 2022

17h15-18h15: PARALLEL SESSION 3

S11 ADHD und externalizing disorders in family context – exploring the role of parenting stress and parent child relationship

TRACK: DEVELOPMENT

Chair:

Discussant:

This final program has been compiled with care. However, typing or compilation errors may still occur. The organization reserves the right to make changes in the composition of sessions and the manner of presentation (e.g. oral, poster, etc.).

Presentations:

17h15-17h30	#101 Maternal adverse childhood experiences and mother-child interaction	Eva Möhler
17h30-17h45	#109 Parental hair cortisol concentration and child's ADHD symptomatology between preschool- and school age	Alisa Susann Cosan
17h45-18h00	#126 Role of parental positive reinforcement and expressed emotion in developing attention deficit hyperactivity disorder, oppositional, callous unemotional symptoms, and executive functions	Ursula Pauli-Pott
18h00-18h15	Questions and Discussion	All

S18 New developments in the assessment and treatment of young people with a clinical high risk state of psychosis

TRACK: PREVENTION AND INTERVENTION

Chair:

Discussant: Marco Armando

Presentations:

17h15-17h30	#119 Clinical high-risk criteria of psychosis in 8- to 17-year-old community subjects and inpatients not clinically suspected to develop psychosis	Frauke Schultze-Lutter
17h30-17h45	#118 An ecological momentary assessment study of age effects on perceptive and non-perceptive clinical high-risk symptoms of psychosis	Chantal Michel
17h45-18h00	#146 Treatment approach "Robin": standardized manual and smartphone app for adolescents at clinically high risk for developing a psychotic disorder	Nina Traber-Walker
18h00-18h15	Questions and Discussion	All

S61 European perspectives on the impact of the COVID-19 pandemic on the development and course of eating disorders in youth

TRACK: COVID-19

Chair:

Discussant: Mima Simic

Presentations:

17h15-17h30	#486 Increase in admission rates and symptom severity of childhood and adolescent anorexia nervosa in Europe during the COVID-19 pandemic: Data from specialised eating disorder units in different European countries and from a health insurance data set	Beate Herpertz-Dahlmann
17h30-17h45	#555 Locked down with my Eating Disorder: a retrospective study on the impact of COVID-19 lockdown on adolescents with ED	Nadia Micali
17h45-18h00	#431 Experiences of adolescents with anorexia nervosa and their caregivers on the inpatient and outpatient treatment during COVID-19 confinement	Michael Zeiler
18h00-18h15	Questions and Discussion	All

S100 Personalised pharmacological treatment

TRACK: TREATMENT

Chair:

Discussant:

Presentations:

17h15-17h30	#421 Precision dosing of aripiprazole in children and adolescents: linking blood levels to weight gain and effectiveness	Rebecca Hermans
17h30-17h45	#7 Monitoring of adverse drug reaction-related parameters in children and adolescents treated with antipsychotic drugs in psychiatric outpatient clinics	Rob Heerdink
17h45-18h00	#107 Psychiatric adverse events during antipsychotic treatment in naïf children and adolescents	Susanne Thümmler
18h00-18h15	Questions and Discussion	All

S90 Tailored treatment

TRACK: TREATMENT

This final program has been compiled with care. However, typing or compilation errors may still occur. The organization reserves the right to make changes in the composition of sessions and the manner of presentation (e.g. oral, poster, etc.).

Chair:

Discussant:

Presentations:

17h15-17h30	#388 Serious adverse drug reactions in children and adolescents during (off-label) antidepressant and antipsychotic pharmacotherapy	Karin Egberts
17h30-17h45	#45 Relapse prevention strategies in adolescents and young adults remitted from depression and anxiety	Suzanne Robberegt
17h45-18h00	#70 Modalities of pediatric appropriate PR melatonin (PedPRM) prescription in children with ASD and insomnia - a case studies	Carmen M. Schroder
18h00-18h15	Questions and Discussion	All

S91 Network of CAMHS

TRACK: PREVENTION AND INTERVENTION

Chair:

Discussant:

Presentations:

17h15-17h30	#61 The development of a regional out-patient system following clinical epidemiology-die Luzerner Psychiatrieplanung	Oliver Bilke-Hentsch
17h30-17h45	#571 Child and adolescent psychiatry in the Netherlands: patterns of change over the last 25 years	Frits Boer
17h45-18h00	#121 A qualitative evidence synthesis of school staff perspectives of youth mental health	Maevé Dwan O'Reilly
18h00-18h15	Questions and Discussion	All

S6 Interventions for children of parents with a mental illness

TRACK: PREVENTION AND INTERVENTION

Chair:

Discussant: Manon Hillegers

Presentations:

17h15-17h30	#130 SAFIR FAMILY TALK: an ongoing randomized controlled trial investigating a selective primary preventive intervention vs. service as usual for children of parents with mental illness	Anne Ranning
17h30-17h45	#216 Children of Parents with a Mental Illness At Risk Evaluation – The COMPARE Study	Hanna Christiansen
17h45-18h00	#75 Intervention for mood disorder symptoms in children of parents with psychiatric disorders -The MARIO intervention study	Melany Horsfall
18h00-18h15	Questions and Discussion	All

S69 Female adolescent conduct disorder: Neurobiological findings and their relation to intervention outcome.

TRACK: PREVENTION AND INTERVENTION

Chair:

Discussant: Christine Freitag

Presentations:

17h15-17h27	#564 Predicting follow-up outcome of the CBT-skillstraining START NOW for female adolescents with conduct disorder and oppositional defiant disorder	Christina Stadler
17h27-17h39	#481 Psychophysiological correlates of antisocial behavior in girls	Helena Oldenhof
17h39-17h51	#583 Linking heart rate variability emotion regulation and brain structure in adolescents with and without conduct disorder	Antonia Tkalcec
17h51-18h03	#49 Using wearables to study psychophysiological activity in relation to child aggressive behavior; a feasibility study in a clinical setting	Fleur Velders
18h03-18h15	Questions and Discussion	All

S41 Crossing borders: Animal-assisted therapy in child psychiatry (Clinical Perspective)

TRACK: TREATMENT

This final program has been compiled with care. However, typing or compilation errors may still occur. The organization reserves the right to make changes in the composition of sessions and the manner of presentation (e.g. oral, poster, etc.).

Chair:

Discussant:

Presentations:

17h15-17h27	#573 Networks of animal-assisted therapy in child and adolescent psychiatry - state of the art	Ingo Spitzcok von Brisinski
17h27-17h39	#544 KELPIE, a pilot study of animal-assisted intervention in child and adolescent psychiatry to build a therapeutic relationship.	Andrea Schmitz
17h39-17h51	#297 Pegasus, Equine-Assisted Therapy for therapy-resistant adolescents with autism spectrum disorders, a replicated AB design	Jenny den Boer
17h51-18h03	#286 Crossing borders (in multiple ways)	Esther Hiemstra
18h03-18h15	Questions and Discussion	All

S88 TO BE DETERMINED

TRACK: TO BE ADVISE

Chair:

Discussant:

Presentations:

17h15-17h30	#144 Mandatory check for COPMI in adult mental healthcare services in the Netherlands – a quantitative and qualitative evaluation	Sophie Leijdesdorff
17h30-17h45	#267 Comparison of antipsychotic drug use among Dutch Youth before and after implementation of the Youth Act (2010- 2019).	Youssra Bais
17h45-18h00	#110 The effect of the Development and Well-Being Assessment as an adjunct to standard referral letters on referral decisions by Child and Adolescent Mental Health Services	Anna Sofie Hansen
18h00-18h15	Questions and Discussion	All

S89 Genetics

TRACK: BRAIN AND GENETIC NETWORKS

Chair:

Discussant:

Presentations:

17h15-17h30	# -	-
17h30-17h45	#589 PTBP2 – a gene with relevance for both Anorexia nervosa and body weight regulation	Anke Hinney
17h45-18h00	#475 Investigation of the Relationship Between Brain Oxysterol Metabolism and Liver X Receptor Gene Variants with Autism Spectrum Disorder	Tuğba Menteşe Babayigit
18h00-18h15	Questions and Discussion	All

TUESDAY 21 JUNE 2022

09h00-10h15: PARALLEL SESSION 1

S28 Adolescent Suicidality in Different Psychiatric Contexts: Overview and Prevention

TRACK: PREVENTION AND INTERVENTION

Chair:

Discussant: Benedetto Vitiello

Presentations:

09h00-09h15	#161 Prevalence and predictors of self-harm and suicidality in adolescents hospitalized in a mental health inpatient unit	Marco Armando
09h15-09h30	#169 PROSPECT: Predicting Outcome and Suicidality during and Post-hospitalization: an EMA study in a Clinical unit for Teenagers	Maude Schneider
09h30-09h45	#202 Investigating real-time social interactive pathways to suicidal thoughts and behaviours: The Social Connections of yoUth in disTress (SCOUT) Project	Olivia Kirtley
09h45-10h00	#339 Suicidal risk and the quality of sleep in Autism Spectrum Disorder	Luigi Mazzone
10h00-10h15	Questions and Discussion	All

This final program has been compiled with care. However, typing or compilation errors may still occur. The organization reserves the right to make changes in the composition of sessions and the manner of presentation (e.g. oral, poster, etc.).

S92 Selfharm/COVID-19

TRACK: COVID-19

Chair:

Discussant:

Presentations:

09h00-09h15	#414 Covid-19 pandemic and emergency visits for psychiatric reason among children and adolescents: trend of suicidal attempts in the Northwest of Italy	Chiara Davico
09h15-09h30	#393 Suicidality and CoVid-19 in child and adolescent psychiatry	Paul Plener
09h30-09h45	#289 Self-harm and suicidal behavior among children and youth - the impact of the COVID-19 pandemic	Darja Segan
09h45-10h00	#227 Changes in the profile of adolescents who make suicide attempts during COVID19 pandemic.	Rebeca Gracia
10h00-10h15	Questions and Discussion	All

S97 Cultural sensitivity in CAMHS

TRACK: SOCIAL AND FAMILY NETWORKS

Chair:

Discussant:

Presentations:

09h00-09h15	#348 So many countries, so many customs: A register-based analysis of conduct disorder prevalence and treatment patterns in five Western countries	Christian Bachmann
09h15-09h30	#360 How does parents' perception of an adolescent mental health problem predict their intentions towards seeking help?	Daráine Murphy
09h30-09h45	#48 Regional distributions of psychiatrically disordered youth in a segregated German town – A trend study	Olaf Reis
09h45-10h00	#509 Intimate partner violence and prenatal attachment	Laures Meddouri

10h00-10h15 **Questions and Discussion** All

S44 Novel technologies to investigate social processes across the lifespan

TRACK: DETERMINANTS

Chair:

Discussant: Maude Schneider

Presentations:

09h00-09h15	#266 Imitation performance and visual exploration in young children with Autism Spectrum Disorder	Kenza Latrèche
09h15-09h30	#236 Sensitivity to Autism-Related Differences in Visual Kinematics in Observers with and without Clinical Expertise	Novella Pretti
09h30-09h45	#204 Decoding intentions from movement: an embedded approach of social cognition in neurodevelopmental disorder	Clémence Feller
09h45-10h00	#222 Interpersonal functioning from adolescence to young adulthood: a macro- and micro- level investigation using the TRAILS TRANS-ID study	Larisa Morosan
10h00-10h15	Questions and Discussion	All

S46 The promise of digital phenotyping to provide a better characterization of behavior in children and adolescents with autism spectrum disorders

TRACK: EHEALTH NETWORKS

Chair:

Discussant: Christine Freitag

Presentations:

09h00-09h15	#233 Automated identification of ASD in preschoolers using pose estimation from videos	Nada Kojovic
09h15-09h30	#463 AI classification on video data with post-hoc skeletal tracking to identify stereotypic behavior in autism	Christian Lemler

This final program has been compiled with care. However, typing or compilation errors may still occur. The organization reserves the right to make changes in the composition of sessions and the manner of presentation (e.g. oral, poster, etc.).

09h30-09h45	#308 Atypical prosody in young children with ASD relates to motor delay and stereotypies as well as to subsequent speech development	Michel Godel
09h45-10h00	#265 Using the Ecological Momentary Assessment to investigate daily-life stress reactivity in youth with autism spectrum disorders	Laura Ilen
10h00-10h15	Questions and Discussion	All

S58 Mentalizing in systems, organisations and society

TRACK: SOCIAL AND FAMILY NETWORKS

Chair:

Discussant:

Presentations:

09h00-09h15	#323 Mentalizing beyond the monad and dyad	Dickon Bevington
09h15-09h30	#417 Mentalizing and non-mentalizing social systems, culture and contexts	Chloe Campbell
09h30-09h45	#424 Ecophenotypes, the digital environment and epistemic trust	Patrick Luyten
09h45-10h00	#365 Applying mentalization across the network: AMBIT (Adaptive Mentalization Based Integrative Treatment)	Liz Cracknell
10h00-10h15	Questions and Discussion	All

S65 Recent developments in the treatment of childhood obsessive-compulsive disorder

TRACK: TREATMENT

Chair:

Discussant: Kerstin von Plessen

Presentations:

This final program has been compiled with care. However, typing or compilation errors may still occur. The organization reserves the right to make changes in the composition of sessions and the manner of presentation (e.g. oral, poster, etc.).

09h00-09h15	#569 Brief intensive cognitive behavioral therapy for children and adolescents with OCD: Findings of two international pilot studies - Part 1	Marjolein Bus
09h15-09h30	#582 Brief intensive cognitive behavioral therapy for children and adolescents with OCD: Findings of two international pilot studies - Part 2	Veronika Mailänder Zelger
09h30-09h45	#570 Supportive Parenting for Anxious Childhood Emotions (SPACE) for children/adolescents with an obsessive-compulsive disorder	Margo van der Stelt
09h45-10h00	#584 Wrist Angel: A Wearable AI Feedback Tool for OCD Treatment and Research	Nicole Lønfeldt
10h00-10h15	Questions and Discussion	All

S103 DECENTRALISATION AND COMMUNITY BASED MENTAL HEALTHCARE ACROSS EUROPE

TRACK: PREVENTION AND INTERVENTION

Chair: Bram Dierckx

Discussant: Enikő Kiss

Presentations:

09h00-09h15	#-	Robert Vermeiren
09h15-09h30	#-	Youssra Bais
09h30-09h45	#-	Kerstin von Plessen
09h45-10h00	#-	Jean-Philippe Raynaud
10h00-10h15	Questions and Discussion	All

S96 Effects on perinatal stress

TRACK: DEVELOPMENT

This final program has been compiled with care. However, typing or compilation errors may still occur. The organization reserves the right to make changes in the composition of sessions and the manner of presentation (e.g. oral, poster, etc.).

Chair:

Discussant:

Presentations:

09h00-09h15	#553 The impact of maternal prenatal anxiety on infant socioemotional development at 18 months: a longitudinal study	Takoua BRAHIM
09h15-09h30	#346 Longitudinal associations between maternal postpartum bonding and child socio-emotional development	Enni Hatakka
09h30-09h45	#366 Paternal perinatal stress is associated with children's emotional problems	Olli Kiviruusu
09h45-10h00	#73 A LONGITUDINAL STUDY OF MATERNAL PERINATAL BONDING AND PSYCHOSOCIAL FACTORS THAT CONTRIBUTE TO SOCIAL-EMOTIONAL DEVELOPMENT	Erja Rusanen
10h00-10h15	Questions and Discussion	All

S94 Supportive care for adolescents

TRACK: PREVENTION AND INTERVENTION

Chair:

Discussant:

Presentations:

09h00-09h15	#479 Adolescents' attachment to parents and peers and social media problematic use	Ahlem Belhadj
09h15-09h30	#128 GNTH-initiatives for smoke-free hospitals - the FTGS-approach in Switzerland	Oliver Bilke
09h30-09h45	#347 A network analysis on psychopathological symptoms and quality of life variables in overweight and underweight adolescents	Michael Zeiler
09h45-10h00	#375 Social Media: The Youth's Perspective on Social Media Addiction, Coping Mechanisms and Other Challenges	Amélie Galladé
10h00-10h15	Questions and Discussion	All

This final program has been compiled with care. However, typing or compilation errors may still occur. The organization reserves the right to make changes in the composition of sessions and the manner of presentation (e.g. oral, poster, etc.).

S93 At risk for psychosis

TRACK: DETERMINANTS

Chair:

Discussant:

Presentations:

09h00-09h12	#213 A prospective cohort study on the intergenerational transmission of childhood adversity and subsequent risk of psychotic experiences in adolescence	Koen Bolhuis
09h12-09h24	#262 The poly-environmental risk score and psychotic experiences in adolescents at risk of psychopathology: the iBerry Study	Diandra Bouter
09h24-09h36	#260 Stress and the City: the association between urban characteristics and psychotic experiences in adolescents at risk of psychopathology	Diandra Bouter
09h36-09h48	#508 Suicide risk in adolescents at Ultra-High Risk (UHR) of psychosis	Elena Monducci
09h48-10h00	#259 Can the unifying diagnostic construct of bodily distress syndrome (BDS) be used to assess functional disorders in adolescence?	Lina Munker
10h00-10h15	Questions and Discussion	All

S40 Arts therapies for children and adolescents with psychosocial problems (Clinical Perspective)

TRACK: TREATMENT

Chair:

Discussant: Susan van Hooren

Presentations:

09h00-09h12	#376 Effects of Music Therapy on Reducing Psychosocial Problems in Children/Adolescents	Martina de Witte
09h12-09h24	#335 Effect and Working Mechanisms of Art Therapy for Children with Psychosocial Problems	Liesbeth Bosgraaf
09h24-09h36	#401 On stage: drama therapy for children and adolescents with psychosocial problems	Marij Berghs
09h36-09h48	#363 Safe & Sound - music therapy intervention for refugee children	Evelyn Heynen
09h48-10h00	#550 Art therapy: workingmechanisms and the effects on a 11y outpatient	Dimphy Fikke
10h00-10h15	Questions and Discussion	All

WORKSHOPS TUESDAY 21 JUNE 2022

09h00-12h30: W7 Joint training across Paediatrics and CAP to meet the needs of children and young people presenting to hospital with mental health and care crises

Abstract ID #396

TRACK: SOCIAL AND FAMILY NETWORKS

Presentation: Katya Certic

TUESDAY 21 JUNE 2022

11h30-12h30: PARALLEL SESSION 2

S4 Adolescents, substance use disorders and psychiatry: New developments in treatment and research

TRACK: TREATMENT

Chair:

Discussant: Wouter Staal

Presentations:

11h30-11h45	#56 The course of addiction and comorbid mental health problems in youth entering addiction treatment: The Youth in Transition study	Christina Moska
11h45-12h00	#57 The added value of systematic client feedback in youth addiction treatment and mental health treatment: A controlled study	Patty van Benthem
12h00-12h15	#104 Treatment of adolescents with concurrent substance use disorder and attention-deficit/hyperactivity disorder: Systematic review and international consensus paper	Vincent Hendriks
12h15-12h30	Questions and Discussion	All

S23 Child psychiatry and somatic comorbidity (Clinical Perspective)

TRACK: PREVENTION AND INTERVENTION

Chair:

Discussant: Suzanne van Bronswijk

Presentations:

11h30-11h42	#148 Paediatric mental disorders: the unity of body and mind	Marian Staal
11h42-11h54	#147 Dawning of Delirium at the Neonatal Intensive Care Unit (NICU)	Husam Salamah
11h54-12h06	#179 Quality of life post pediatric intensive care admission	Malaika Embrechts
12h06-12h18	#166 Mental health in children and their caregivers: is there a need for family centered care?	Suzanne van Bronswijk
12h18-12h30	Questions and Discussion	All

S43 Protecting patients from violence in medical institutions - the need for general safeguarding measures

TRACK: PREVENTION AND INTERVENTION

Chair:

Discussant: Jörg Michael Fegert

Presentations:

11h30-11h45	#430 Sexual violence, assaults and misconduct by healthcare professionals - forms, frequencies, causes and the development of safeguarding measures	Ulrike Hoffmann
11h45-12h00	#278 Transition from institutional to community system of care: safeguarding issues; the case of Greece	Konstantinos Kotsis
12h00-12h15	#309 Children's experiences of institutional care. Voices, solutions, and solutions	Carl Göran Svedin
12h15-12h30	Questions and Discussion	All

S57 Short- and long-term consequences of the death and illness of a parent or other loved one during childhood

TRACK: DETERMINANTS

Chair:

Discussant: Bernet Elzinga

Presentations:

11h30-11h45	#310 Posttraumatic stress symptoms in children confronted with parental cancer: the role of individual and family factors	Liesbeth de Paauw-Telman
11h45-12h00	#343 The prevalence of prolonged grief in children and adolescents	Iris van Dijk
12h00-12h15	#307 Childhood parental death and the formation and quality of adult romantic relationships	Carline van Heijningen
12h15-12h30	Questions and Discussion	All

S66 Moderators and mechanisms of early intervention in Autism Spectrum Disorder

TRACK: PREVENTION AND INTERVENTION

Chair:

Discussant: Maude Schneider

Presentations:

11h30-11h45	#520 Examining potential predictors of response to Early Start Denver Model (ESDM) in preschoolers with autism spectrum disorders	Marie Schaer
11h45-12h00	#501 Pre-treatment clinical and gene expression patterns predict developmental change in early intervention in autism	Elena Busuoli
12h00-12h15	#399 Types of natural re-inforcement in the A-FFIP intervention and their relation to the child's characteristics	Christine Freitag
12h15-12h30	Questions and Discussion	All

S67 Findings from a pragmatic randomised controlled trial of a video-feedback intervention: Improving outcomes for young children

TRACK: PREVENTION AND INTERVENTION

Chair:

Discussant:

Presentations:

11h30-11h45	#444 Preventing enduring behaviour problems in at-risk children aged 12-36 months using a video-feedback parenting intervention	Paul Ramchandani
11h45-12h00	#467 Exploring the use of play-based methods to integrate children's own perspectives into investigations of child development	Beth Barker
12h00-12h15	#415 Mother-child pretend play: links to maternal mental health and child behaviour	Zhen Rao
12h15-12h30	Questions and Discussion	All

S72 Autism Spectrum Disorder in Young Children: from concerns to effective intervention approaches in a Dutch clinical setting

TRACK: PREVENTION AND INTERVENTION

Chair:

Discussant: Annelies de Bildt

Presentations:

11h30-11h45	#482 From concerns to early detection of ASD – barriers and tailored improvement strategies	Michelle Snijder
11h45-12h00	#507 From detection to diagnosis of ASD – The importance of observing early parent-child interactions	Mirjam Pijl
12h00-12h15	#488 From diagnosis to intervention of ASD – Pivotal Response Treatment as effective intervention approach for young children with ASD and their parents	Manon de Korte
12h15-12h30	Questions and Discussion	All

S98 Risk factors for personality disorders

TRACK: PREVENTION AND INTERVENTION

Chair:

Discussant:

Presentations:

11h30-11h45	#39 Adverse Childhood Experiences and Grandiose Narcissism – Findings from a Population-Representative Sample	Marc Allroggen
11h45-12h00	#459 Adolescents at risk for ICD-11 defined personality disorder: Investigating risk markers for early intervention in a community sample of Lithuanian adolescents	Rasa Barkauskienė
12h00-12h15	#272 Personality functioning in adolescence and parallels with ICD-11: the role of subjective peer and family relationship quality	Gabriele Skabeikyte-Norkiene
12h15-12h30	Questions and Discussion	All

S62 An update on the aetiology, assessment, and clinical characteristics of avoidant and restrictive food intake disorder

TRACK: DETERMINANTS

Chair:

Discussant: Annemarie van Elburg

Presentations:

17h15-17h30	#428 Heritability of the avoidant/restrictive food intake disorder (ARFID) phenotype in 6- to-12-year-old Swedish twins	Lisa Dinkler
17h30-17h45	#600 Evidence informed clinical assessment of individuals with ARFID	Rachel Bryant-Waugh
17h45-18h00	#535 Emotional and physiological reactivity to sensory stimuli in young children with avoidant/restrictive eating	Christine Cooper-Vince
18h00-18h15	Questions and Discussion	All

S99 Eating disorders

TRACK: TREATMENT

Chair:

Discussant:

Presentations:

11h30-11h45	#9 Adult and Child and Adolescent Psychiatrists' Experiences of Transition in Anorexia Nervosa: A Qualitative Study	Alexis Revet
11h45-12h00	#442 Family Based Treatment in a tertiary treatment center for eating disorders: not for everybody	Christien Schilder
12h00-12h15	#521 But traumatised? A catamnestic study of formerly eating disordered patients	Ulrike M.E. Schulze
12h15-12h30	Questions and Discussion	All

S101 Social economic stressors

TRACK: PREVENTION AND INTERVENTION

Chair:

Discussant:

Presentations:

11h30-11h45	#65 A Comprehensive Research on the Predictors of Psychosocial Problems in Siblings of Children with ASD	Gökçen İlçioğlu Ekici
11h45-12h00	#293 PREVENTION OF CHILD MENTAL HEALTH PROBLEMS IN LOW AND MIDDLE-INCOME COUNTRIES IN SOUTHEAST EUROPE DURING COVID-19 PANDEMIC	Marija Raleva
12h00-12h15	#13 POVERTY: THE RISK TO CHILDREN'S MENTAL HEALTH	Steven Walker
12h15-12h30	Questions and Discussion	All

S68 Psychological distress and psychosocial care of unaccompanied refugee minors: The impact of trauma, flight and daily stressors on the mental health of young refugees and the quality of life and transcultural competencies of professionals 6 years after the great wave of refugees in Europe.

TRACK: PREVENTION AND INTERVENTION

Chair:

Discussant: Cedric Sachser

Presentations:

11h30-11h42	#443 The Impact of Daily Hardships and Trauma on the Mental Health of Unaccompanied Refugee Minors detained in Libya	Elisa Pfeiffer
11h42-11h54	#406 Pre-displacement and post-displacement factors associated with the mental health of unaccompanied refugee minors 6 years after the great wave of refugees in Europe	Cedric Sachser
11h54-12h06	#410 Professional quality of life of social workers working with traumatised young unaccompanied refugees in youth welfare institutions in Germany	Jenny Eglinsky
12h06-12h18	#408 Transcultural competencies of professionals working with migrant children and adolescents	Maike Garbade
12h18-12h30	Questions and Discussion	All

TUESDAY 21 JUNE 2022

15h15-16h30: PARALLEL SESSION 3

S31 Unpicking the Overlap between Autism and Eating Disorders: Developmental Pathways in Childhood and Adolescence

TRACK: DETERMINANTS

Chair:

Discussant: William Mandy

Presentations:

15h15-15h30	#590 Associations between childhood autistic traits and adolescent eating disorder behaviors are mediated by fussy eating	Virginia Carter Leno
15-30h15h45	#422 The association of autism spectrum disorder with clinical features in anorexia nervosa: a large-scale study using phenotypic and genetic data	Lisa Dinkler
15h45-16h00	#594 Childhood eating disorders and autism spectrum disorder in UK primary care electronic health records: comorbidity and longitudinal outcomes	Francesca Solmi
16h00-16h15	#608 Links between autism symptoms and problematic eating across childhood	Pauline Jansen
16h15-16h30	Questions and Discussion	All

S37 The use of eHealth to decrease mental health problems and promote well-being

TRACK: EHEALTH NETWORKS

Chair:

Discussant: Manon Hillegers

Presentations:

15h15-15h30	#191 The Grow It! App effect: Longitudinal Changes in Adolescent Well-being During the COVID-19 Pandemic	Evelien Dietvorst
-------------	---	-------------------

15-30h15h45	#200 An online psychological intervention for adolescents with a visible difference: Acceptability, feasibility and effectiveness of YP Face IT	Marije van Dalen
15h45-16h00	#195 Personalised app-based relapse prevention of depressive-, and anxiety disorders in remitted adolescents and young adults: a protocol of the StayFine RCT	Yvonne Stikkelbroek
16h00-16h15	#398 Impact Game for Young Daredevils - Interdisciplinary and user-centered development of a digital game-based intervention to promote self-regulation and addiction prevention	Nuri Wieland
16h15-16h30	Questions and Discussion	All

S45 Adolescent depression: contributions of applied phenomenology and qualitative research

TRACK: DETERMINANTS

Chair:

Discussant:

Presentations:

15h15-15h30	#248 Towards a Phenomenologically Grounded Typification of Varieties of Adolescent Depression	H. Andrés Sánchez Guerrero
15-30h15h45	#218 qualitative exploration of adolescent depression early-treatment stage	Jordan Sibeoni
15h45-16h00	#242 Facilitating factors and barriers in help-seeking behaviour in adolescents and young adults with depressive symptoms: A qualitative study	Eline Eigenhuis
16h00-16h15	#209 The experience of depression in migration: perspectives of adolescents, their parents and their health professionals	Jonathan Lachal
16h15-16h30	Questions and Discussion	All

S70 Diagnostics and treatment of Children and Adolescents with Trauma Related Disorders

TRACK: TREATMENT

Chair:

Discussant:

Presentations:

15h15-15h30	#413 Before we start treatment: trauma screening and -diagnostics	Lieke Kooij
15-30h15h45	#429 Toddlers and preschoolers with trauma and attachment related symptoms	Frederike Scheper
15h45-16h00	#438 Executive functioning as a predictor of treatment completion and responsiveness in children and adolescents with PTSD	Rosanne op den Kelder
16h00-16h15	#418 Distinct epigenetic profiles in relation to treatment outcome in youth with Posttraumatic Stress Disorder	Judith Ensink
16h15-16h30	Questions and Discussion	All

S76 Competencies in self-regulation in high risk cohorts of adolescents

TRACK: DEVELOPMENT

Chair:

Discussant: Neeltje van Haren

Presentations:

15h15-15h30	#523 Clinical and neural characteristics of emotion regulation and stress response in adolescents from the general population	Camille Piguet
15-30h15h45	#526 Polyvictimization moderates stress neurobiology and contributes to anxiety in high-risk adolescents	Aysenil Belger
15h45-16h00	#527 Interference control and related brain activity in healthy children at familial high-risk of schizophrenia or bipolar disorder	Line Johnsen
16h00-16h15	#532 Is structural connectome change over time related to self-regulation in adolescent offspring at familial high risk for severe mental illness?	Simon Poortman
16h15-16h30	Questions and Discussion	All

S102 Outcomes of treatment program

TRACK: TREATMENT

Chair:

Discussant:

Presentations:

15h15-15h30	#250 A mindfulness program for children with ADHD: effect on nuclear symptoms, executive functions and cortisol levels	Anna Huguet
15-30h15h45	#470 Diagnostics and Treatment of Selective Mutism	Chaya Rodrigues Pereira
15h45-16h00	#368 The benefits of mobility in dealing with hikikomori adolescents and their families	Andrea Gagnani
16h00-16h15	#50 Narrative Family Therapy may help families with complex psychiatric problems	Nina Jørring
16h15-16h30	Questions and Discussion	All

S104 Developmental disorders

TRACK: DEVELOPMENT

Chair:

Discussant:

Presentations:

15h15-15h30	#353 Early childcare and child development at age 3.5 years in France, data from the ELFE mother-child cohort.	Ramchandar Gomajee
15-30h15h45	#440 Diagnostic Overshadowing and Co-Morbidities: The Challenge of Developmental, Behavioral, Emotional and Mental Health (DBEM) Disorders in Early Childhood	Mary Leppert
15h45-16h00	#423 Modifying role of mother's depression and stress in the association between child's program viewing and psychiatric symptoms at five years	Janette Niiranen
16h00-16h15	#58 Developmental psychopathology in a community sample of children and adolescents: Associations with irritability and functional impairment	Jala Rizeq
16h15-16h30	Questions and Discussion	All

S50 Mentalizing Group -- Mentalization-based therapy for Adolescents (MBT-A): Recent updates in theory, assessment and treatment

TRACK: TREATMENT

Chair:

Discussant: Patrick Luyten

Presentations:

15h15-15h30	#326 Risky Sexual Behaviour and Adolescents and Personality Disorders : Implications for Assesment and Treatment	Karin Ensink
15-30h15h45	#230 The assessment of real-time mentalizing in parent-adolescent interactions: implications for MBT-A	Carla Sharp
15h45-16h00	#329 Why do adolescents with borderline personality disorder drop out of mentalization-based group treatment? – Results from qualitative and quantitative studies	Mie Sedoc Jørgensen
16h00-16h15		
16h15-16h30	Questions and Discussion	All

S63 New neuro-cognitive precursors for tailored prevention of mood disorders in adolescents

TRACK: PREVENTION AND INTERVENTION

Chair:

Discussant:

Presentations:

15h15-15h30	#586 Targeting the Nucleus accumbens to prevent depression: evidence from a mouse model	Catherine Belzung
15-30h15h45	#585 Early brain structural correlates associated with or predating depression in early or late adolescence	Marie-Laure Paillère Martinot
15h45-16h00	#579 Feasibility and efficacy of a personality-targeted intervention for neglected adolescents in institutional and family care	Florin Tibu

16h00-16h15 **#602 Predictors of intervention response to personality-targeted school-based prevention of mental health and substance misuse: A machine learning analysis** Patricia Conrod

16h15-16h30 **Questions and Discussion** All

S95 Challenges for mental health professionals

TRACK: PREVENTION AND INTERVENTION

Chair:

Discussant:

Presentations:
